

專任教師

馮雅群助理教授

職稱：	助理教授
學經歷：	倫敦大學國王學院心理學博士
MAIL:	ycfeng@g-mail.nsysu.edu.tw
分機：	5885

研究領域

- 學術及教育專業專長：臨床心理學、實驗心理學、事件相關電位研究、情緒疾患的認知機制與介入方法
- 歷年開課名稱：變態心理學、教育心理學、行為科學實驗法

研究成果

●(A)期刊論文

1. Feng, Y.-C., Krahé. C., Meeten. F., Sumich. A., Mok. C.-L, M., & Hirsch. C. R. (2020). Impact of imagery-enhanced interpretation training on offline and online interpretation in worry. *Behaviour research and therapy*, 124, 103497.
*本人為第一作者。SSCI。Impact Factor: 4.50。5-Year Impact Factor: 5.17。Clinical Psychology Rank: 13/273。
2. Feng, Y.-C., Krahé. C., Sumich. A., Meeten. F., Lau. J., & Hirsch. C. R. (2019). Using Event-Related Potential and Behavioural Evidence to Understand Interpretation Bias in Relation to Worry. *Biological psychology*, 148, 107746.
*本人為第一作者。SCI, SSCI。Impact Factor: 2.76。5-Year Impact Factor: 3.52。Neuropsychology and Physiological Psychology Rank: 13/62。
3. 賴怡臻, 馮雅群, & 許文耀. (2018). 社交焦慮者的解釋性偏誤—以「句詞關聯作業」進行探討. *中華心理衛生學刊*, 31(2), 167-199.
*TSSCI。5-Year Impact Factor: 0.24。綜合學門排名：8。

●(B)研討會論文

1. Feng, Y.-C., Koster, E., Krahé, C., Lau, J. Y., & Hirsch, C. R. (accepted). *Cognitive biases predict worry during examinations and COVID pandemic*. Will be presented at the 63rd Tagung Experimentell Arbeitender Psychologen (TeaP) conference in 2021.
2. Feng, Y.-C., Krahé, C., Meeten, F., Sumich, A., & Hirsch, C. R. (2019, Jul). *The intervention effect of single session CBM-I on promoting different types of benign interpretations in worriers*. Presented at 9th World Congress of Behavioural and Cognitive Therapies (WCBCT), Berlin, DE.
3. Feng, Y.-C., Krahé, C., Meeten, F., Sumich, A., Lau, J. Y., & Hirsch, C. R. (2019, Apr). *Understanding interpretation bias in worry and the effect of cognitive bias modification for interpretation (CBM-I) on reducing worry*. Presented at Tagung Experimentell Arbeitender Psychologen (TeaP), London, UK.
4. Feng, Y.-C., Krahé, C., Meeten, F., Mok, M., & Hirsch, C. R. (2019, Feb). *The intervention effect of single session CBM-I on promoting different types of benign interpretations in worriers*. Presented at Mental Health Science Meeting 2019 held by MQ: Transforming Mental Health, London, UK.
5. Feng, Y.-C., Krahé, C., Sumich, A., Meeten, F., Lau, J., & Hirsch, C. R. (2018, Jul). *Lack of a benign interpretation bias in high worriers at the very early stage of information processing*. Presented at British Association for Behavioural and Cognitive Psychotherapies (BABCP) annual conference, Glasgow, UK.
6. Feng, Y.-C., Krahé, C., Sumich, A., Meeten, F., Lau, J., & Hirsch, C. R. (2018, Feb). *Understanding the neurophysiological basis of interpretation in worry: ERP evidence of interpretation bias in high and low worriers*. Presented at Mental Health Science Meeting 2018 held by MQ: Transforming Mental Health, London, UK.
7. Kuo, B.-C., Feng, Y.-C., & Hsu, W.-Y. (2015, Nov). *The underlying mechanisms and the attentional modulation of emotional processing in social anxiety*. Presented at the Symposium for Integrated Imaging of Body, Mind and Culture & 2015 Forum of MOST Research Projects on Brain Imaging for Mind Science, Taipei.
8. Feng, Y.-C., Kuo, B.-C., & Hsu, W.-Y. (2014, Mar). *The Attention of Emotional Information in High Social Anxiety Individuals, Studied Through Event-Related Potentials*. Presented at the Annual Meeting of the Taiwanese Association of Clinical Psychology, Taipei.
9. Feng, Y.-C., Kuo, B.-C., & Hsu, W.-Y. (2012, Oct). *The Intervention Effect of Attentional Training in Social Anxiety Individuals: An ERP Study*. Presented at the Annual Meeting of the Taiwanese Psychological Association, Taichung.
